

Tarusha: Nurture Green Living at Home

Welcome to Tarusha

Tarusha is your companion in starting a greener, more mindful lifestyle — one seedling at a time. We empower individuals and families to grow their own fresh greens, learn sustainable practices, and reconnect with nature, right from their homes.

Whether you're a curious beginner, a parent looking to engage your child, or someone passionate about eco-conscious living, Tarusha makes growing your own food easy, enjoyable, and educational.

Our Vision

We envision a world where growing your food becomes second nature. Where every child knows how a seed grows, and every home has a patch of edible green. Through workshops, kits, home solutions, and community engagement, Tarusha is building a movement of self-reliant, green-conscious citizens.

🌱 What We Offer

👤👤👤 Interactive Hydroponics Workshops

Experience the magic of soil-less farming!

Join our guided sessions where kids and adults explore how to grow leafy greens using simple hydroponic systems. Perfect for schools, communities, or families looking for a green bonding activity.

- Hands-on demos
- Simple science explained
- No prior experience needed
- Take-home learning

📅 Upcoming Event:

Kitchen and Hobby Workshop

📍 Tarusha, 2nd floor Khatana Palace, Sector 64, Gurgaon | 📅 Oct 12 | 11-5 pm

🏠 Hydroponic Home Setups (New!)

Tarusha now helps you bring hydroponics into your everyday lifestyle — with customized indoor and outdoor installations tailored to your space and needs.

From a cozy 10 sq. ft. balcony garden to a thriving 500 sq. ft. kitchen-farm, our systems are built for ease, efficiency, and sustainability.

- Ideal for balconies, rooftops, or utility areas
- Smart use of vertical space
- Automated or semi-automated options
- Maintenance support & growing guides included
- Consultation & site visit options available
